

I thank the six other Founders who, on January 12, 2020, sat with me in the First Founders' Conclave to form of our party. May God richly bless you and your families. To the first four members of APP Interim Executive: Tahira, Kendra, Sherlyn and Sharon, I say thanks to you as well for being the initial flag-bearers of our movement. To President Julius and the other members of our party's Executive, I am honoured to have served with you. To the members, supporters, friends, sponsors and opponents, I wish you well, but the journey for me is now over.

It is with great sadness that I tender my resignation to the APP. This resignation is in the best interest of our party, its Founders and our members who should not be exposed to such public scrutiny at this crucial period of our party's development. I have done nothing that I know would necessitate this resignation, but I offer it anyway with the hope that the party's mission is fulfilled.

I wish you well on your journey, my dear brother. Please protect the identity of those Founders, partners, sponsors and others who prefer to remain anonymous at this time. The hint that you intend to declassify this information hastened my resignation. Let me be a matter for the Founders.

Sincerely in progress,
