Opening Ceremony for the 2026 Caribbean Association of Fire Fighters Executive Meeting

The Dominica Fire Fighters Association (DFFA) is pleased to announce that we will be hosting the 2026 Caribbean Association of Fire Fighters (CAFF) Executive Meeting from October 19–22, 2026. Fire Service representatives from Barbados, Guyana, St Kitts, St Lucia, Trinidad, Montserrat, Martinique, Antigua and Dominica will meet to discuss matters arising and the advancement of Fire and Emergency Services throughout the Caribbean.

The meeting will officially commence on Monday 19th October at 9:00AM at the Patrick John Football House in Bath Estate. We formally invite you to the opening ceremony on Monday 19th at 9:00am at the Patrick John Football House in Bath Estate and would appreciate your presence. Following the ceremony, the media will be given the opportunity to interact and conduct interviews with the various representatives. We do ask that this segment be done in a professional fashion.

The meeting will provide an opportunity for executive reps to discuss matters of mutual interest, strengthen regional cooperation, exchange ideas, and explore ways to improve the welfare, professional development, and working conditions of firefighters across the region. Fire Officers will also receive training and certification in Incident Command Systems during the period stated.

The Firefighters Association extends gratitude to the relevant authorities, corporate partners, sponsors, and members of the public whose support will contribute to the successful hosting of this regional event. We also encourage more corporate partners to get on board and support in any way possible as we wish to not only make this event successful but also give the delegates an opportunity to embrace the nature and indulge in our upcoming cultural activities.

Warm Regards,

Ms Kelita Grant
Secretary, DFFA
